Instruction

Machine . . . Memory Craft 7700QCP

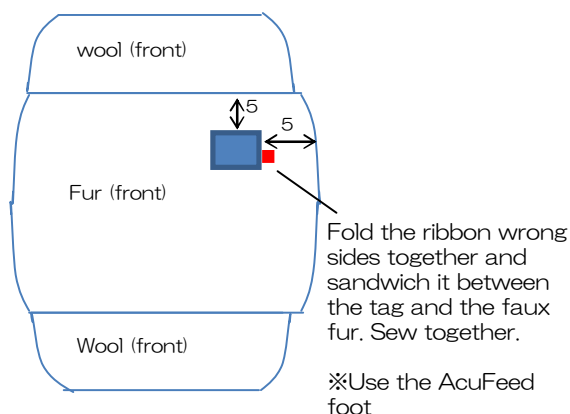

1. Affix the adhesive lining to the back of the wool and fur by iron, and cut to matching the outline of the pattern paper.

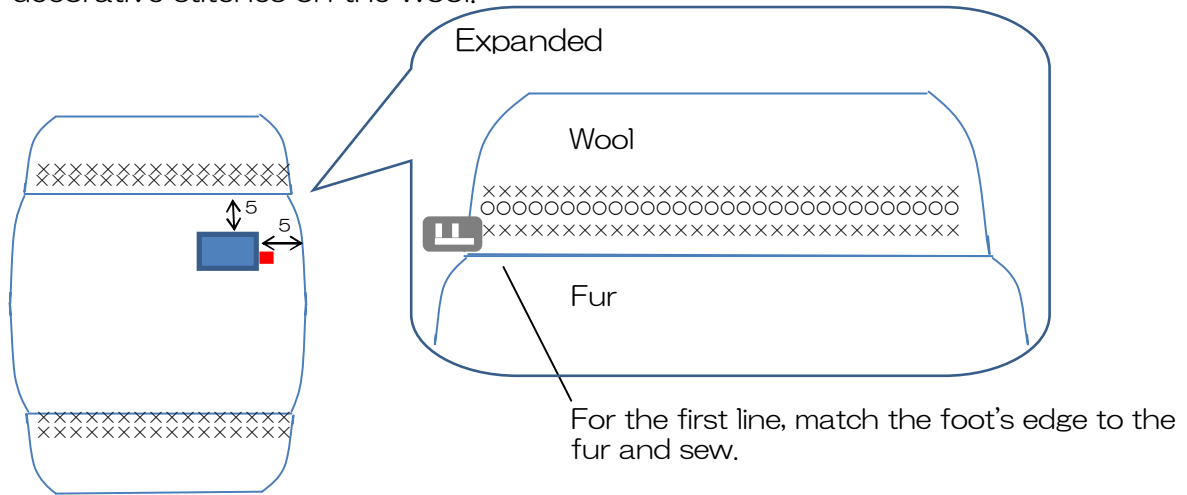

2. Sew the wool and faux fur together

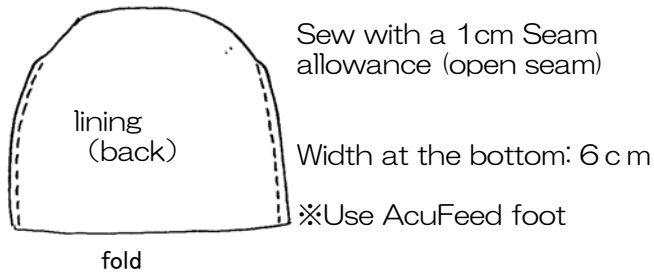

3. Sew the leather tag on

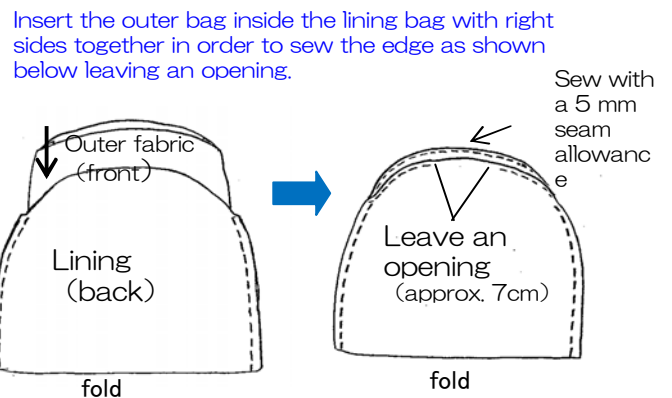

4. Sew decorative stitches on the wool.

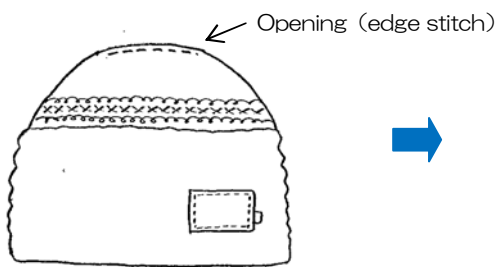

5. Sew the sides of both wool/faux fur and lining by folding the middle with right sides together. And create the depth at the bottom of the bag.

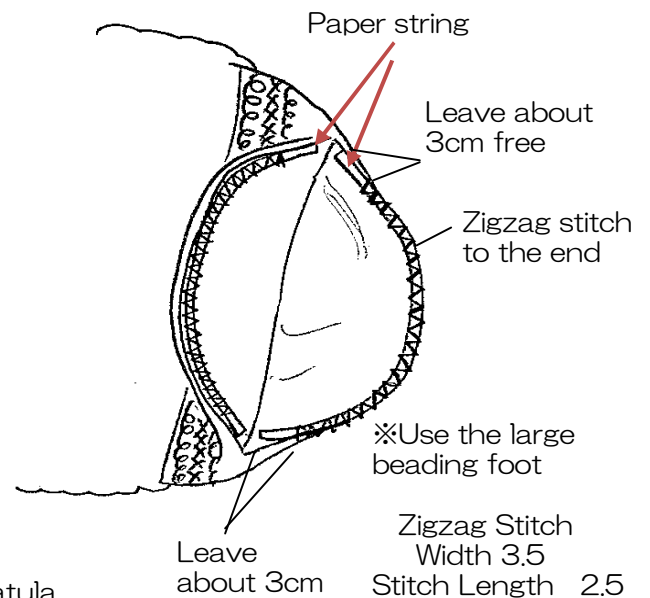

6. Insert the outer fabric inside the lining and sew the front and back together.

7. Turn the right sides out, and sew the opening

8. Sew paper string to the bag's opening

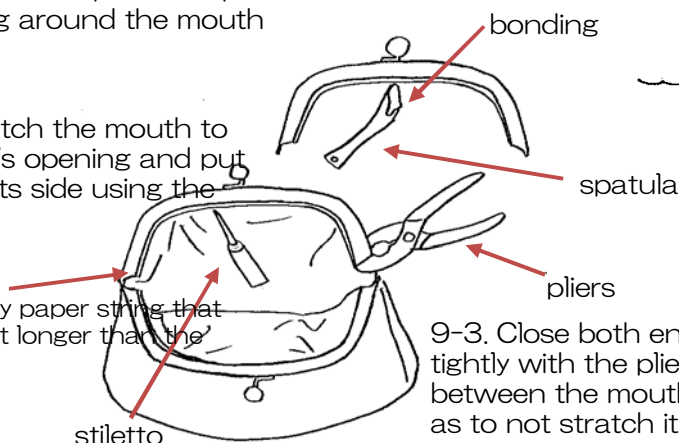

9. Fix the mouth in place

9-1. Use the spatula to put bonding around the mouth

9-2. Match the mouth to the bag's opening and put it in on its side using the stiletto

※Cut any paper string that sticks out longer than the mouth.
