 - Leather • • • 12×8
 - Chain • • • 20

A B C D E

Size when complete
Height 37× Length 40× Width 6
(not including handle)

Cutting Diagram

Instructions

1. Build the outer fabric by piecing the strips together (use patchwork foot: O presser foot)
※Match the edge of the fabric to the guide and sew

2. Lay the pieced fabric on the quilt batting and stick together by ironing

※Be careful not to iron on the batting
(don't get the adhesive surface's glue on the iron)

Press seam to one side

Quilt batting
(adhesive side)

3. Attach the rick rack tape to 2 of the patchwork fabric seams using a decorative stitch. Sew a decorative stitch to the other seams, (use presser foot F)

The sewing direction is always same

※Decorative Designs
Avoid high density designs

※Rick Rack Tape:
Attach using the following kind of decorative stitching

4. Match the quilt batting to the outer fabric and cut

5. Make the pocket and attach to the outer fabric

6. Attach the handle (use the feed dog)

7. Edgestitch all around the edge of the bag (match the size of the outer fabric and the lining)

8. Fold the fabric right sides together so that the seams meet and sew the sides

9. Sew the bottom of the bag

10. Turn the right sides out and edgestitch all around the edge to secure.

Finished ♪

Leather Tag

Instructions

1. Embroider on the embroidery fabric (lining)

Example

2. Place the leather tag on on the embroidered fabric and sew around the leather (place the embroidered fabric and leather together wrong sides together)
