

# V2.0K SP1 Installation Instructions

## Installation checklist

Use the following as a checklist of all necessary steps to follow when installing and configuring your new DigitizerPro software.

**Step 1:** Read through *all* necessary installation steps carefully before getting started.

**Step 2:** When the installation is complete, you will be prompted to restart your computer.

**Step 3:** Attach your security dongle *only* when prompted.

**Step 4:** This update, DigitizerPro/MB V2.0K Service Pack 1, can only be installed as an update to an existing DigitizerPro/MB V2.0K installation with a working DigitizerPro/MB dongle. If you do not have DigitizerPro/MB 2.0K already installed, you can download an upgrade to V2.0K from an earlier version of DigitizerPro/MB from the Janome Global Site.

**Step 5:** Close *all* Windows programs but leave Windows running. Disable any virus scanning software you might be running in the background. Be aware of any messages from your firewall software (standard in Windows XP/Vista) requesting you to block access to any components of the installing software. DO NOT block any of the components.

## Installing DigitizerPro/MB V2.0K Service Pack 1

Use the procedure outlined below to update DigitizerPro software on your computer.

### To install a DigitizerPro/MB Service Pack

1 Download ONLY file Disk1.exe and save it on your PC.

Disk1.exe

2 Double click Disk1.exe. The file is unzipped and the folder named as %DigitizerV2SP1UpdateTemp+is created automatically under C drive.

3 Download the remaining two files - data3 and data4 . directly into My computer > C > DigitizerV2SP1UpdateTemp which was created in the previous step.

data3.cab

data4.cab

**4** Double click `setup.exe` icon in **DigitizerV2SP1UpdateTemp** folder to start installation.

**5** Click `Install`. Installation will start automatically.

**6** Click `Finish` to restart your PC.

**7** When your PC is restarted you are prompted to attach DigitizerPro/MB dongle.

**8** Attach DigitizerPro/MB dongle to your PC to complete the update.
